

**ShopWithScrip and SCRIPWARE® Webinar Presentation:
"Introduction to SCRIPWARE®"**

This webinar will present an explanation of the advanced features that SCRIPWARE offers, in addition to the features provided by the basic ShopWithScrip website. The webinar will also discuss the advantages of using SCRIPWARE to manage your program over other scrip management software packages. An overview of the website, along with information on how to enroll your organization in SCRIPWARE, or receive a demo account to try out SCRIPWARE, is included. This presentation will last approximately 40 minutes, plus time to answer your questions at the end.

Pre-registration is required, so click on the link for the session you would like to attend to reserve a spot. After registering, you will receive a confirmation email containing information about joining the webinar. You will receive a phone number when you register that you can call to listen to the presentation while viewing the video portion on your computer (unfortunately, it is not a toll free number). We recommend that you use your computer speakers or a plug in headset to listen to the presentation, rather than calling the number in the webinar confirmation email. Once registered, we suggest you logon to the webinar site fifteen minutes before the session begins, as it can take a few minutes to join the session.

To reserve a spot, click the link below:

PLEASE NOTE THAT THE TIME LISTED IS EASTERN DAYLIGHT SAVINGS TIME.

Thurs. 8/12/2010 **3:00 PM EDST** - <https://www2.gotomeeting.com/register/892839779>
