

ShopWithScrip and SCRIPWARE® Webinar Presentation:
”Setting Up ShopWithScrip For Your Organization”

This webinar will present the details of how you can use the free, basic, ShopWithScrip.com website to place your organization's scrip orders and manage your scrip program. We will demonstrate how your organization's families can create their own accounts and place online scrip orders. We will also demonstrate how the coordinator will release those family orders on to a Purchase Order and submit their organization order online. This presentation will last approximately 35 minutes, plus time to answer your questions at the end.

Pre-registration is required, so click on the link for the session you would like to attend to reserve a spot. After registering, you will receive a confirmation email containing information about joining the webinar. You will receive a phone number when you register that you can call to listen to the presentation while viewing the video portion on your computer (unfortunately, it is not a toll free number). We recommend that you use your computer speakers or a plug in headset to listen to the presentation, rather than calling the number in the webinar confirmation email. Once registered, we suggest you logon to the webinar site fifteen minutes before the session begins, as it can take a few minutes to join the session.

To reserve a spot, click the link below:

PLEASE NOTE THAT THE TIME LISTED IS EASTERN DAYLIGHT SAVINGS TIME.
